

AIR COMPRESSORS INDUSTRIAL RANGE

**RATING: 1600 cfm at 150 psi
755 Ltr/sec at 10 bar**

The Energy Power Systems Australia range of portable oil flooded rotary screw air compressors are fitted with the latest designed CAT engines Tier 3 for fuel efficiency and reliability. Our fleet of compressors run Sullair rotary screw air ends to provide energy efficiency and reliability, the 1600 cfm units are fitted with after coolers fitted to provide dry air. All of our compressors are fitted with user friendly control panels allowing the machine to be operated from the one location.

Our compressors have been designed and built robust for outdoor applications within the industrial, pipeline, mining and construction segments to provide durability and maintain the production of your operation. The units are fully enclosed, sound attenuated and are fully banded to provide protection against ground contamination.

The units are completely assembled with all interconnecting piping and optilock fittings, ready for installation
