## AIR COMPRESSORS INDUSTRIAL RANGE

**RATING: 330 cfm at 200 psi  
156 lps at 14 bar**

The Energy Power Systems Australia range of portable oil flooded rotary screw air compressors are fitted with the latest designed CAT engines Tier 3 for fuel efficiency and reliability. Our fleet of compressors run Sullair rotary screw air ends to provide energy efficiency and reliability, the 330 cfm units are fitted with after coolers to provide dry air. All our compressors are fitted with user friendly control panels allowing the machines to be run from one location.

Our compressors have been designed and built robust for outdoor applications within the industrial, pipeline, mining and construction segments to provide durability and maintain the production of your operation. The units are fully enclosed, sound attenuated and are fully banded to provide protection against ground contamination.

The units are completely assembled with all interconnecting piping and standard 1" optilock and 2" BSP fittings, ready for installation.
