## AIR COMPRESSORS PORTABLE 100% OIL FREE AFTER COOLED AND FILTERED

**RATING: 1,550 cfm at 125 psi  
732 lps at 8.6 bar**

The Energy Power Systems Australia range of portable oil free rotary screw air compressors are fitted with the latest designed CAT engines Tier 3 for fuel efficiency and reliability. Our fleet of compressors run Sullair rotary screw air ends to provide energy efficiency and reliability, the 1550 cfm units are fitted with after coolers and filters to provide dry instrument quality air. All of our compressors are fitted with user friendly control panels allowing the machine to be operated from the one location.

Our compressors have been designed and built robust for outdoor applications within the industrial, manufacturing, pipeline, mining and construction segments to provide durability and maintain the production of your operation. The units are fully enclosed, sound attenuated and are fully banded to provide protection against ground contamination.

The units are completely assembled with all interconnecting piping and optilock fittings, ready for installation.

### KEY DATA

THIS IS SUMMARY DATA INFORMATION ONLY AND IS NOT FULL SPECIFICATION, SOME EQUIPMENT MAY VARY.

Capacity	1,550 cfm / 732 lps
Pressure Range	75 – 135 psi / 5.1 – 9 bar
Maximum Ambient Temperature	50°C
Sound Level	Less than 76 dBA @ 7 meters
Fuel Consumption / capacity	81.4 l/h @ 100% load – 927 litre tank capacity
Skid Base Enclosure Dimensions	
Length of Canopy	5,800 mm
Length Including Outlet Valve	6,300 mm
Width	2,250 mm
Height	2,400 mm
Weight	11,340 kg (Wet)

### FEATURES

- CAT Engine - C15
- Emergency Stop Button
- Sullair Rotary Screw Air End
- Battery Isolator
- 100% Oil Free Air
- Shore Power Battery Charger
