## AIR RECEIVERS INDUSTRIAL RANGE

Rating: - 3300 Ltr / 116.6 cubic Ft

The Energy Power Systems Australia range of industrial air receivers are manufactured to AS1210 class 3, for use with our range of compressors to provide the appropriate cycle times for unloading and pressure unloading of the compressor to increase efficiency and input power costs.

Our receivers have been designed and built robust for outdoor applications within the construction, industrial, pipeline and mining segments to provide durability and maintain the production of your operation. The units are fully enclosed on a skid base to be located either horizontally.

The units are completely assembled with optilock fittings, ready for installation.

### KEY DATA

THIS IS SUMMARY DATA INFORMATION ONLY AND IS NOT FULL SPECIFICATION, SOME EQUIPMENT MAY VARY.

Capacity	3,300 Ltr / 116.6 cubic Ft
Pressure Maximum	10.3 bar / 150 psi
Skid Base Dimensions	
Length	3,600 mm
Width	1,530 mm
Height	1,580 mm
Weight	1,450 kg

### FEATURES

- Pressure Gauge
- Safety Relief Valve
- Manual Drain Ball Valve
- Design Pressure 1,400 kpa
- Type S 2" inlet and Outlet
