DX AIR CONDITIONERS PORTABLE SPOT COOLER RATING: 4.9 kW (NOMINAL)

The Energy Power Systems Australia range of portable air conditioners (spot coolers) are designed for semi-industrial use in large areas or 'high heat load' situations such as computer and telecomm rooms, factories, catering kitchens etc. As spot coolers they are perfect for cooling personnel working in confined hot areas or to keep vital parts of machinery or heat sensitive electronics cool.

All units are designed for **indoor use only**. The air conditioning units are user friendly with a programmable digital thermostat and timer, automatic speed control for the condenser fan, with two flexible adjustable cold air outlets.

The units are completely assembled with all interconnecting refrigerant piping and 10 Amp single phase plug, ready for installation.

KEY DATA

THIS IS SUMMARY DATA INFORMATION ONLY AND IS NOT FULL SPECIFICATION, SOME EQUIPMENT MAY VARY.

Cooling Capacity	4.9 kW at 0.22 m ³ /sec, 38°C Ambient Temperature
Absorbed Power	2.15 kW
Temperature Range	+ 20°C to + 45°C
Maximum Ambient Temperature	45°C
Dimensions Packaged Unit	
Length	590 mm
Width	490 mm
Height	1,300 mm
Weight	86 kg (Nominal)

FEATURES

- 2 Stage Evaporator Fan
- Adjustable Thermostat
- Off Timer
- Fault Indication
- Flexible Supply Air Discharge
- Maximum Duct Run - 9 Mtr
- Auto Cut Out on Full Condensate Bottle
